EDUCATION

Bachelor of Technology, Information Technology, Ambalika Institute of Management & Technology, Lucknow (2021-2025), Current GPA-(8.5)

Intermediate, Shams National School, Ghazipur(2019-2021).

High School, Sunflower Public School, Ghazipur.

EXPERIENCE

6 March, 2025

Intern | Postulate Info Tech Private Limited
Contributed to full-stack web development projects using Node.js, MongoDB, and React.js, gaining hands-on experience in building scalable applications and working collaboratively in agile environments.

Feb - May 2023

Team Leader | Resume Maker Web Application
Led a team of developers in designing and building a dynamic web app for resume creation using Node.js, Express, MongoDB, and EJS. Oversaw project planning, task delegation, and code reviews to ensure on-time delivery and clean, maintainable code.

PROJECTS

Public Safety and Crime Detection Web Application [link](#)
Led development of a platform using Node.js, Express, MongoDB, and EJS to report and analyze safety incidents. Integrated a lightweight AI/ML model to detect crime trends and highlight high-risk zones, improving community awareness and response.

Stayzio [link](#)

Designed and built a dynamic platform for listing and booking stays using Node.js, Express, MongoDB, EJS, and Bootstrap. Features include user authentication, property search, and listing management, aimed at providing a seamless rental experience for hosts and travelers.
